

Congratulations to our 10<sup>th</sup> Edmonton class on successfully completing the DEP  
**CANADA'S LEADING PROGRAM FOR DIRECTORS**

“Whether you’re on a public, private or even a complex not-for-profit board, director responsibilities and decisions continue to become more challenging. The ICD-Rotman Director Education Program provides directors with a rich experience of practical theory, real board experience, industry experts and incredible instructors. Coupled with the in-classroom discussions and director dilemma breakout sessions, directors experience firsthand how to make tough but informed decisions as a team. The DEP is a terrific program for anyone looking to enhance their skills as director and I recommend it without any reservation.”

Better your skills.  
**BETTER YOUR BOARD.**

APPLY BEFORE **SEPTEMBER 29, 2016** FOR THE NEXT EDMONTON OFFERING OF CANADA'S LEADING PROGRAM FOR DIRECTORS.

“The ICD-Rotman DEP is valuable for both new and experienced directors. While highly relevant to members of a formal board of directors, the learnings and insights from the DEP also establish a framework for those serving on private company advisory boards. The questions posed, and the experiences shared by participants in the class elevated the learning, and the caliber of participants provided exceptional networking opportunities. It was a rewarding, challenging and enjoyable experience, and I recommend it to all board directors.”
